

Investments in the Generator Containers with a return of up to 27.5% per month

The 750kVA container generator is an autonomous power source, ideal for industrial facilities, construction sites, logistics centers, military bases and areas without a permanent connection to the power grid.

What are container generators?

The generator module is installed inside a 20-foot sea container, equipped with sound insulation, a cooling system, a fuel tank and a control panel. This format allows for quick delivery and connection of the energy source in any region of the world.

- **High power: 750 kVA – suitable for large machinery and equipment**
- **Completely autonomous and mobile**
- **In demand in construction, energy, infrastructure and humanitarian projects**
- **Stable income due to long-term lease with guaranteed demand**

Investment format:

How does this work?

01

We purchase the container through our company under an official contract in your name.

02

We take your container into trust management and lease it to transport companies for cargo transportation.

03

You receive stable payments monthly to your bank or cryptocurrency account.

Each investor receives a report within two days after investing

01

Invoice for the
purchase of a sea
container in the name
of the Investor in the
quantity of units with
the specified serial
number

02

Photo report

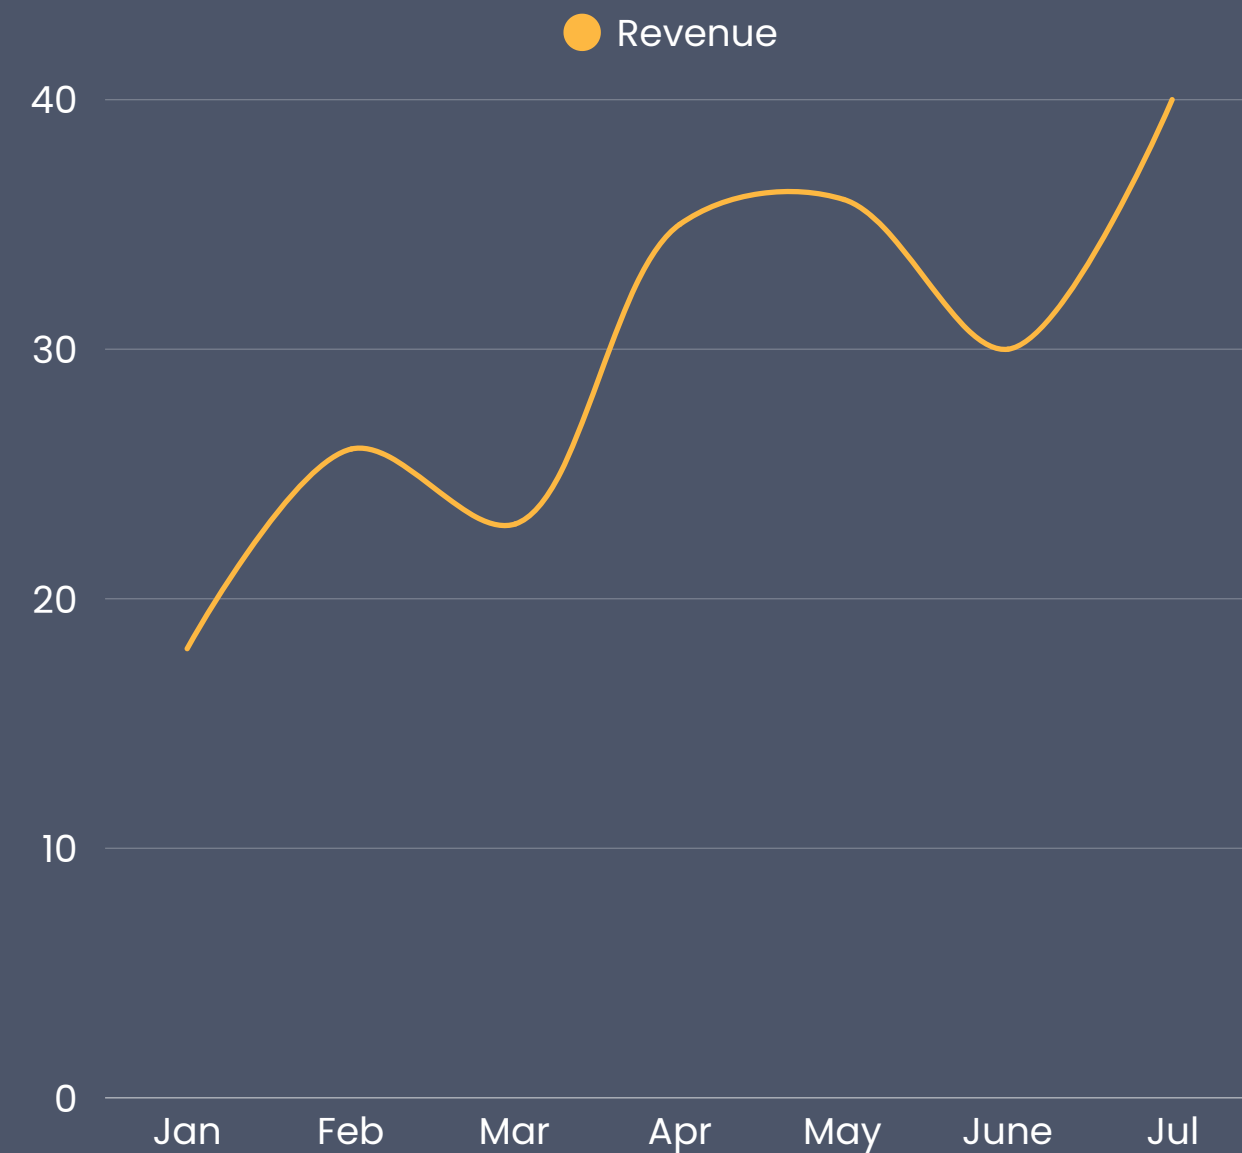

03
