

Investments in Lithium Mining with a return of up to 41% per month

№1 Innovative Auction offers a unique
opportunity for private investors

Lithium Mining: Fueling the Electric Future

Lithium is the cornerstone of the green energy revolution — powering electric vehicles, energy storage systems, and next-gen technology.

Investing in lithium mining means:

- **Riding the wave of explosive global demand**
- **Gaining exposure to the EV and renewable energy boom**
- **Earning passive income from a future-proof resource**

Be part of the shift — invest in the metal that moves the world.

transaction

04

Statements and
payment schedule

Advantages of investing with №1 Innovative Auction

HIGH PROFITABILITY

Up to 48% per month when paying for investments in cryptocurrency, up to 44% when paying for investments by bank transfer.

COMPLETE TRANSPARENCY

Your capital is channeled into a real asset:

- Production in licensed areas
- Private wells, mines, processing facilities
- Contracts with exporters, industrial groups and commodity traders
- Sales through direct transactions and on OTC platforms

PASSIVE INCOME

Your funds are directed to the actual extraction and monetization of raw materials. All processes are managed by our team, and you receive a fixed profit without having to personally participate in operational activities.

LONG-TERM STABILITY

Minimum contract term - 1 year - long-term stability and reliability of investments.

An aerial photograph of a desert landscape. A winding road or path cuts through the arid terrain, which is dotted with small, irregular ponds or oases. In the foreground, there's a larger, more developed area with some structures and what appears to be a small pond. The background shows a vast, flat desert extending to a range of mountains under a clear sky.
